Thrilling Plays Make Fifth Game Heaven For Fans.

Cleveland made the fifth game of the 1920 world series the most amazing ball game in history by the two record-breaking plays.

In the fifth inning, after Kilduff and Miller singled, William (Billy) Warlick, Indians' second baseman, made a triple play unassisted, the first in major league games since 1909, by catching a wicked liner off Mitchell, touching second base behind Kilduff, and then tagging Miller, who was sprinting from first, thus putting three men out. It was on May 9, 1909, that Neil Ball, also a Cleveland player, made a similar play in a game against Boston. "Cy" Young, who witnessed the 1909 play, was probably the only witness at Saturday's game who had ever seen such a spectacle.

The second record play was the hitting of a home run with the bases full. Elmer Smith, former Washington player, accomplished this feat, scoring behind Jamieson, Wamby and Speaker, the ball going over the right-field fence.

"Shot" By Blow-Out, Finds Bullet.

A tire blow-out on the Speedway yesterday startled Clarence Hilton, 13 years old, colored, of Alexandria. "I feel like I'm shot," he said to a companion in the car. After helping to repair the tire he discovered he had been wounded by a bullet. A rifle fired at the same time the tire blew out sent the bullet into his breast. He was sent to Emergency Hospital. The wound was not serious.

Two boys firing of a penny were said to have been responsible for the shot.

PREACHES FAREWELL SERMON AS RECTOR

Rev. Dr. P. P. Phillips Heard By Large Congregation Yesterday

S. B. Fowler Celebrates 30th Anniversary as Organist—Recital by A. G. Eldridge of Washington

Rev. Dr. P. P. Phillips, for the past twenty-six consecutive years rector of St. Paul's Episcopal Church yesterday preached his farewell sermon as rector of that church. On this occasion the memorial chimes in the organ, in memory of the deceased members of the choir, were formally dedicated and Sherman B. Fowler, organist and choir director, yesterday celebrated his thirtieth anniversary as such. At night there was an organ recital.

It was a memorable day for the congregation of St. Paul's Church. Capacity congregations attended both morning and evening services.

Rev. Dr. Phillips in the course of his sermon referred to it as his last sermon as rector of that church. He invoked a blessing on the parish and the work of his successor. He urged upon all to live not in the past, but for the better things to come in the brightness of the future. Many in the congregation were deeply affected by his remarks and showed visible signs of their grief at his retirement from the rectorship of St. Paul's.

The day marking the thirtieth anniversary of Sherman B. Fowler's as organist and choir director, Dr. Phillips took occasion to make mention of the splendid work achieved by Mr. Fowler and the great help in the church accomplished by the choir under his direction. The memorial chimes of the organ were dedicated with appropriate services. The regular choir was augmented by about fifty voices composed of a number of those who had at times sung in the choir during Mr. Fowler's incumbency as organist.

A splendid recital on the organ was given by A. G. Eldridge, organist and director of St. Margaret's Episcopal Church, Washington and members of the congregation expressed hope that Mr. Eldridge soon will return to Alexandria and favor them with another recital, it being one of the most beautiful and expressive recitals ever heard in Alexandria.

The evening services were conducted by Rev. Dr. Phillips. Following the evening prayer, instead of the usual sermon, Mr. Eldridge gave the recital and each selection he fully brought out the beautiful tones of the memorial chimes.

At the evening offertory Miss Ritchie McLean of Washington, sang Gaul's "Eyes Hath Not Seen." Miss McLean has an alto voice of unusual quality and she gave this selection in a masterly and artistic manner, charming her hearers with her rich mellow tones. The vestry of St. Paul's Church have not yet chosen a successor to Dr. Phillips. Dr. Phillips will make his home in Washington. Dr. Phillips has reached the age for retirement as established by the last general convention of the church.

INSPIRING SERVICE.

Rally Day was observed in the Second Presbyterian Church Sunday morning and there was a large attendance. All the grades and departments were well represented and all took part in the program. Mr. Warren L. Moody, the superintendent presided, and under his leadership, assisted by faithful helpers the school looks forward to greater and more efficient service. The offering for Sunday School Extension was \$45.00.

CABLES QUOTED SHOW TAFT'S HAND

Gov. Cox Says Covenant Filled With Suggestions From Republicans

ACCEPT AMENDMENTS

Hughes and Root Joined With President in Giving Advice—Quotes Taft's Own Words

Springfield, Ill., Oct. 11.—Governor Cox in a statement here last night declared that the League of Nations covenant, as brought back from Paris by President Wilson, contained the following Republican earmarks:

All four amendments proposed by former President Taft.
Five out of seven amendments proposed by Charles Evans Hughes.
Five out of six amendments proposed by Elihu Root.

(This, Governor Cox declared, was strong evidence in repudiation of charges that the President refused to consider suggestions offered him by Republican leaders. In presenting his statement Cox included copies of nine cable messages exchanged between President Wilson on the one side of the Atlantic and Taft and Secretary Tumulty on the other, embracing Taft's suggestions to make the covenant more acceptable to Republican Senators.)

"Every suggestion of Mr. Taft was followed literally," said Governor Cox. Springfield, Ill., Oct. 11.—Governor Cox, who is scheduled to make an address here and East St. Louis, Ill., and St. Louis, Mo., today, said that he published the Taft-Wilson correspondence—a White House memorandum—because of "the equivocal position former President Taft and other friends of the League now occupy in their support of the candidate of the League destructionists." The correspondence, Governor Cox said, was initiated by him (Mr. Taft) as a result of his study of the draft agreement and quoted Mr. Taft's "own words when sincerity of mind and intelligence were not belocuted by the pentian prejudice of a political campaign."

The correspondence indicated that Mr. Taft's suggestions dealt principally with protecting the Monroe Doctrine and dealing with American domestic questions, withdrawal from the League, unanimous League decisions and disarmament. The correspondence made public contained two cablegrams from the President to Mr. Taft and several from Mr. Taft to the Executive, including one in which A. Lawrence Lowell, former president of Harvard University, joined.

The White House memorandum quoted at length League amendments to show adoption of Mr. Taft's suggestions.

The final cablegram from Mr. Taft sent to Secretary Tumulty and forwarded to the President, as given in published correspondence, was dated June 28, 1919. Just before the President returned to present the treaty to the Senate. It reads:

"I would like to send a return message, and that is that the President argue for the League and its necessity; the impossibility to secure peace without it; the dreadful unrest in Europe, the pressure of our Allies to ratify and secure peace at once, need of the League with the United States to stabilize and to resist Bolshevism, the necessity for renewal of negotiation if an important amendment like striking out Article 10 is made, the absurdity of a Congressional declaration of peace on one side, the giving up of all objects of the war in such a peace if Germany were to make a similar declaration. I hope sincerely he will not attack the Republican Senators. His appeal will be much more influential if he pleads his cause and does not attack the opposition."

On March 16, 1919, the correspondence showed, Secretary Tumulty sent the President a message stating that Mr. Taft desired to cable the President direct with suggestions not looking to change the structure of the League, the plan of action of its real character, but simply removing objections in minds of conscientious Americans which its language does not justify and whose fears could be removed without any considerable change of language.

USES TOOL BOX FOR BANK—\$850 STOLEN

James Posey Had Roll Hidden in Box in His Woodshed

THIEF BREAKS LOCK

Only Recently He Had Withdrawn His Money From Bank—Report of Theft Made to Police.

James Posey, a carpenter employed by the Fruit Growers Express, who lives in Poorhouse Lane, just north of Alexandria, today laments the fact that he used his strong carpenter's tool box as a savings bank for he is exactly \$850 out as a result of using it instead of the regular banks.

Some time ago, Posey, according to a report made to the police, took his money out of the bank and kept it in his tool kit. The box was in his woodshed and was thought that it would be the last place burglars would attack. His deductions, however, proved incorrect for sometime between the hours of noon and 4 o'clock yesterday afternoon a thief broke open the lock of the box and took away the money.

Posey told Chief Goods that the money was in bills, most of the bills being of \$20 denomination. It was about noon when Posey had occasion to see the box yesterday and at that hour he reported it intact and about 4 o'clock in the afternoon when he again visited his woodshed the box had been broken into. The police are investigating the robbery.

CHRIST CHURCH CEMETERY.

A meeting will be held tomorrow, Tuesday, evening at 7:30 o'clock in Christ Church Parish Hall, when it is hoped all owners of lots in Old Christ Church Cemetery will be present and all others interested in improving the condition of the cemetery.

Gov. Cox Given Great Ovation in Hays' Home Town.

Sullivan, Ind., Oct. 11.—Gov. James M. Cox, here Saturday in the home town of Will H. Hays, chairman of the Republican National Committee, was given one of the noisiest receptions of his travels. He spoke to a crowd of about 3,000 which had waited more than two hours because of a late train. Cheers interrupted his speech several times, and big demonstrations greeted him as he drove through the streets.

The business section was decorated with flags—even Hays' law office. Sullivan is a mining center, and Benjamin Bosse, State Democratic chairman, predicts Cox will carry it by a big majority.

Masonic Club

Housewarming Tomorrow Night to Mark Its Formal Opening

The Master Mason's Club, which club some time ago acquired the three story brick dwelling at the southeast corner of Cameron and St. Asaph streets, will formally open its clubhouse tomorrow evening with a housewarming. During the evening there will be a smoker, refreshments and music will be in attendance. All Master Masons are invited to attend and inspect the new clubhouse.

Contractors for some time past have been busy on the work of remodeling the interior of the building into a modern clubhouse for its members.

The reply given by President Wilson said he would "appreciate Mr. Taft's offer of suggestions and welcome them."

"The sooner they are sent the better," the President's reply added. "You need give yourself no uneasiness about my yielding anything with regard to the embodiment of the proposed convention in the treaty."

On March 18, the correspondence showed Mr. Taft cabled a reservation for the Monroe Doctrine, stating that he "alone would probably carry the treaty but others would make it certain." Mr. Taft's detailed suggestions were:

\$500,000 SUBSCRIBED FOR JUDAISM.

The campaign for the Union of American Hebrew Congregations for a \$3,500,000 fund to carry out a ten year extension program, has reached the half million mark. It was announced today by Mr. Morris Strauss, chairman of the advisory committee of the campaign. Mr. Strauss stated this sum had been made up by forty-two cities throughout the country. The campaign is being actively carried on in two hundred large cities and the half million dollars already reported represents only a part of the amount which the committees in the forty-two cities, reporting to date, have set out to secure.

Mr. Strauss also stated that the announcement of the raising of one half million dollars has spurred on the plans of the "flying squadron" of one hundred leading American Jews who are shortly to leave on a national tour on behalf of the campaign. The "flying squadron" which is headed by Julius Rosenwald of Chicago, Mortimer L. Schiff of New York, Congressman Julius Kahn of San Francisco, and others of prominence, will begin its tour on November fourth and will address educational meetings at Jewish centers in every large city in this country to explain the program of the Nation of American Hebrew Congregations.

The \$3,500,000 fund is being raised to carry on synagogue and religious extension work in small towns and isolated rural communities, among students at college, among inmates of public institutions, and among thousands of Jewish children in the congested sections of large cities. One million dollars of the proposed fund will be used for a Synagogue pension fund to insure a comfortable old age to all rabbis, and to professors of Jewish Theological Seminaries. This fund was sponsored by the late Jacob H. Schiff, who contributed \$100,000 for the purpose. A provision has also been made in the program for a \$500,000 synagogue building loan fund.

President Will Make Public Official Text Of Disputed Speech.

Washington, Oct. 10.—The White House will issue today a statement containing a stenographic report of President Wilson's address before the eighth plenary session of the Peace Conference. The publication is intended to answer statements by Senator Spencer, Republican of Missouri, to the effect that the President at that session had promised military aid to Roumania and Serbia in the event of a disturbance of the world's peace.

The text of the report was obtained by Secretary Tumulty from the American stenographer who attended the session, which was not open to the public.

Misquoted, Stenographer Says
Chicago, Oct. 11.—President Wilson was misquoted, according to R. A. Carlson, court reporter, who states that the President did not make any statement, conditional or otherwise, that American forces should be sent abroad.

This is why, Mr. Carlson said, he has sent to Washington the full typewritten text of Mr. Wilson's remarks, to be made public at the President's discretion.

POLES TAKE VILNA WITH REBEL ARMY

Forced to Resign by Men Determined City Shall Be Lithuanian

ALLIES IN CONTROL

Assumes Local Rule With French Military Chief as Governor—Sign Peace Pact Today.

Riga, Oct. 11.—The Polish general Zelinski, with two divisions of Lithuanian and White Russian troops entered Vilna at 5 o'clock Friday evening according to the Polish communiqué issued yesterday.

General Skorski, commanding the army on the northern front, reports that General Zelinski was compelled to resign his command on that front, in order to execute the demands of his troops that they be allowed to capture Vilna, "to give the population the right of self-determination."

Attaches of the Polish general staff with the peace delegation say they do not know if any steps have been taken by the Polish military authorities to force the outlaw army out of Vilna, nor do they know if any will be taken. The general staff and members of the delegation have been insisting for some days that the Poles did not intend to take Vilna, the army on that front was supposed to be moving in the other direction, toward Minsk.

The communiqué concerning Vilna is brief and does not give any details of how great was the pressure the troops brought on general Zelinski, which caused him to resign rather than disobey their demand to enter the Lithuanian capital.

Coincident with the announcement regarding Vilna, the communiqué says the Poles have notified Lithuania that they are ready to negotiate an armistice and a settlement of the entire Polish-Lithuanian controversy.

The conference commissions worked late Saturday night and resumed their labors early Sunday morning. The delegates expect to sign the treaty Monday, although no time has been definitely fixed.

The financial differences are reported to have been adjusted. The Poles are said to have originally proposed a claim for 300,000,000 gold rubles in settlement of non-refundable loans, but the amount finally agreed upon is 80,000,000.

Because of the desirability of hastening the negotiations and putting home the signing of the armistice, the signing will be carried out without formality, the reading of the text in plenary session probably will be waived and the signing done without speech making.

This Polish delegation has been advised by a Polish supply ship that two submarines, supposed to be Soviet, were observed manuevering in Danzig Bay. The submarines did not attack the ship, the name of which is not given, nor is the date on which the submarines were sighted mentioned.

The Russo-Polish armistice, according to the plan tentatively agreed upon, is for 25 days. It will begin within four days after signature.

The armistice may be broken on 48 hours' notice during the first 25 days after which it will become indefinitely upon the condition that either party may break it on 10 days' notice.

Warsaw, Oct. 11.—Lithuanian insurgents consisting of a group of General Zelinski's army, have occupied Vilna, the Lithuanian capital, in protest against the decision of the Lithuanian and Polish peace delegates that the Vilna district shall be included in Lithuanian territory. The insurgents contend that the Vilna and Grodno districts rightly belong to Poland.

Prince Sapieha, the Foreign Minister, today announced that negotiations with Lithuania concerning an armistice and a line of demarcation between the armies of the two countries had been concluded. The Polish delegates, he added, had refused to recognize the treaty between Lithuania and Soviet Russia.

ANENT LEE HIGHWAY.

Alexandria should carefully consider the question of joining with Fairfax County in the building of the proposed Lee Highway to Winchester and the Valley of Virginia, as this is an important matter.

The proposition now before the City Council only provides that this city guarantee one half of the interest on a proposed bond issue of Fairfax County for a period of five years with a possibility that it will not be necessary for these bonds to be issued at all or if they are issued, the support for the interest to be paid by the city.

Very city needs a fine farming section to help feed its people and a very small saving on the food costs of 20,000 people would justify the amount now asked for, and there is every reason to believe that this highway will effect a saving in our living costs which would repay us many times each year for the possible outlay we are now asked to make.

This city needs an available farming section big enough and fertile enough to be of some real value as a source of supply and it would be a very short-sighted policy not to make it possible for us to have it at so small a cost.

It is evident that nothing could have happened more favorable for the Democratic party than Senator Harding's explicit repudiation of the League of Nations. "So long as he is temperized with the subject and pressed to be in favor of the same thing under another name and with the Republican trade-mark on it, it was easy for men who wanted to vote the Republican ticket and wanted the League to drag along behind the Republican candidate, hopeful that they could get both. That is no longer possible.

Mr. Taft has not yet done what every honest man is under obligation to do, and that is to support Governor Cox or resign for the interest to be paid by the city.

the lodging houses of New York's famous Bowery—"knights of the road," hoboes, panhandlers and more prosperous individuals—were aroused yesterday with the announcement that rates have risen. The Bowery "hotels" have increased their prices from the 15 and 20 cent schedule maintained for many years to double those rates in many cases, with an average rate now of 40 cents.

In connection with the increased rate, many of the proprietors have eliminated the clean towel, formerly thrown in with the night's lodging.

Your Credit---How About It?

**There Are Three Ways In Which Credit May Be Secured---
By the Deposit of Collateral, by Notes Endorsed by People of
Means and on the Honor of the Person Who Desires Credit**

Credit is one of the biggest factors in promoting success in the commercial and manufacturing world as well as in private life. To the merchant—or manufacturer—who wishes to expand, credit is of far more importance than capital. They realize its worth and are extremely careful in seeing that nothing should impair same. In the case of individuals, credit is of equal importance to them though it may not be used as often or to the extent that it is used by

those who are in business. A man, or woman, who will permit outstanding accounts to accumulate and go for an indefinite period without paying same, is on the rapid road to bankruptcy. Perhaps not in the same way that a business man would be who did not pay his obligations, but the withdrawal of credit is bound to follow and means the same to an individual who does not pay his bills as bankruptcy does to the business man.

**CREDIT---When You Desire Same, How Do You Secure It? Is Your
Word Good, Must You Give Security or Have Some One Vouch
For You Before This Desired Accommodation May Be Secured?**

It is our purpose only to deal with that class of credit that is extended by man to man simply upon honor and because of the faith of one in the other. Where credit is obtained, by reason of security of some description being given, the obligation is usually met and if it is not, the one who extends the credit does not lose by reason of the security given for the purpose of obtaining the accommodation.

A debt of honor should never be allowed to bring dishonor. In the days of old, men were willing to lay down their lives if need be, rather than permit dishonor to come by reason of their failure to make good debts of this character.

When a merchant extends credit to an individual upon solely the agreement to pay, he should take no more chance than when he is dealing with the person of resource and who is thus "good" as the saying is. He should be as fully protected by the honor of his debtor as he is by the means of the other. The persons who recognize the importance of meeting their obligations and who do not let them go unpaid, have a reputation for honesty and the payment of bills that is an asset of great worth. The promptness with which they meet their obligations becomes a

matter of record which grows stronger and stronger day by day.

Those who willfully resist the efforts which their creditors make to collect their accounts also gain a reputation that grows as rapidly, if not more so, than does that of those who are prompt payers.

In this city, as in the majority of all other progressive

cities, there is a credit association and which is made up of the business men of the city. This organization is not a menace to any person who is honest. Its influence is directed against those who would go from store to store, obtaining all the goods which they can secure upon their word to pay and with no intentions of paying for same.

In the office of the association, it might be said is an honor roll and a dishonor roll. On the honor roll will be found the names of those who ask for credit and incidentally secure same by reason of their record for honesty. On the roll of dishonor, will be found the names of those who do not meet their obligations. Great care is used in investigating carefully before names are entered upon this roll. It must be proven conclusively that they persist in refusing to pay for their purchases before they are classed among those who are not worthy of credit.

A debt of honor, whether it is for a pound of beef steak, a suit of clothes, a furniture purchase, or for articles, or services, of any description should not be treated lightly. It should be recognized as a just claim and worthy of prompt attention in every case if one's credit is to be maintained.

It Is Your Duty to

**Pay
Your
Bills**

Make it a point to pay promptly at the agreed time. You and your creditor will both be pleased and will prosper financially.

**Credit Is Not a Difficult Thing to Secure---It Can Also Be Easily Lost. Give Heed
to the Manner In Which You Use It and You'll Continue to Enjoy Its Benefits**

Look Out for Rheumatism As Winter Approaches

So many cases of Rheumatism come from a tiny disease germ that infects the blood, that physicians are beginning to realize that this source of the disease is becoming quite prevalent. Of course a disease that has its source in the blood cannot be reached by local remedies applied to the surface.

One remedy that has given splendid results in the treatment of Rheumatism is S.S.S., the fine old

blood remedy that has been sold by druggists for more than fifty years. S.S.S. acts by driving out of the blood the disease germ that causes Rheumatism, thus affording real relief.

Begin taking S.S.S. today and if you will write a complete history of your case, our medical director will give you expert advice, without charge. Address Chief Medical Adviser, 151 Swift Laboratory, Atlanta, Ga.

MOVIES

INGOMAR—The stolen kiss. Costance Roney, debutante star of screen and stage, whose first Real Art picture, "Erstwhile Susan," created a sensation wherever shown, has just completed her second production called "The Stolen Kiss," and her many admirers will get another opportunity to see the work of this fascinating star at the Ingomar tonight.

"The Stolen Kiss," as in the case of "Erstwhile Susan," is founded on a successful novel. "Little Miss By-the-Day," Lucille Van Slyke's delightfully whimsical tale of the little "pretender" whose unique ability as a whistler and entertainer is the means whereby she finds love and happiness, has been transferred to the screen with the utmost fidelity.

Rheumatic Pains
Quickly Eased By Penetrating Hamlin's Wizard Oil

A safe and effective preparation to relieve the pains of Rheumatism, Sciatica, Lamé Back and Lumbago is Hamlin's Wizard Oil. It penetrates quickly, drives out the soreness, and limbers up the stiff aching joints and muscles.

Wizard Oil is a good dependable preparation to have in the medicine chest for first aid when the doctor may be far away. You will find almost daily uses for it in cases of sudden mishaps or accidents such as sprains, bruises, cuts, burns, bites and stings. Just as reliable, too, for earache, toothache and croup. Always keep it in the house. Generous size bottle, 50c.

"If you are troubled with constipation or sick headache try Hamlin's Wizard Oil. Just pleasant little pink pills at druggists for 25c."

Certain-teed Roofing is Spark-Proof

Certain-teed will protect your property against fires due to sparks dropping on the roof from passing engines. It also helps to prevent fires spreading from building to building by means of sparks and burning embers.

Where fires have started in other parts of the building, Certain-teed Roofs tend to smother them and thereby prevent serious damage to other property.

This type of protection is appreciated by all property owners and particularly by those who are outside of the zone of adequate fire-fighting apparatus.

But Certain-teed Roofing is more than an aid in the prevention of fire. It also protects from rain or snow and is guaranteed for five, ten or fifteen years, according to weight.

It costs less to buy, less to lay and less to maintain than any other type of good roofing.

See a Certain-teed dealer about roofing. If he can't fill your entire order from stock, he can get what you want quickly from a nearby Certain-teed distributing center.

CALOMEL HORROR

TOLD BY DODSON
You Don't Need to Sicken,
Gripe, or Salivate Your-
self to Start Liver

You're bilious, sluggish, constipated. You feel headachy, your stomach may be sour, your breath bad, your skin sallow and you believe you need vile, dangerous calomel to start liver and bowels.

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tonic and take a spoonful to night. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day. Take a spoonful of harmless, vegetable Dodson's Liver Tonic tonight and wake up feeling splendid. It is perfectly harmless so give it to your children any time. It can't salivate.

NIAGARA FALLS WOMAN HAS GAINED 38 POUNDS

Relatives and Friends Were
Alarmed Over Her Condition
Before She Began
Taking Tanlac—Says She
Is The Picture of Health
Now.

"I have actually gained thirty-eight pounds in weight since I began taking Tanlac," recently said Mrs. Jessie Williams, of 322 7th St., Niagara Falls, N. Y.

"For two years I was subject to frequent attacks of acute indigestion, and the gas that crowded around my heart almost suffocated me. I had sharp pains in the pit of my stomach that hurt me so I could hardly stand it, and such a misery in my back I felt like it would break in two."

"I was under treatment and taking medicine constantly, but instead of being helped I kept getting worse,

was losing weight all the time and got to looking so bad my relatives and friends became alarmed. The last spell I had was so bad I was actually too weak to turn over in bed."

"My family urged me to try Tanlac so I got a bottle and by the time I got well started on the second bottle I was able to get up, I kept on taking it until every sign of my indigestion had left me, and I haven't felt a touch of indigestion since. My appetite is simply splendid, I feel hungry all the time. I enjoy every meal and never have the slightest distress after eating."

"My friends tell me now that I am the picture of health, and I feel as strong and active as I did when I was a girl, and have almost forgotten how it feels to be sick."

Tanlac is sold in Alexandria by Edgar Warfield, Jr., and Gibson's Drug Store.

The Harvard, Yale, Princeton, Georgetown and many other well-known colleges have great players performing with their football teams. The question is often asked: "Where do the colleges get their football stars?" It is no secret, but most of the great athletes have their first experience with sandlotters in cities like Alexandria. Those who witnessed the football game yesterday on the Shipyard ground between the Virginia Athletic Club and Washington Athletic Club football teams had a treat, as the contest was exciting throughout the four quarters of play. The Virginians won by a 12 to 0 score.

Captain Jimmy Alexander made the first touchdown during the first quarter, but it was no easy task, for the Washingtons made all the trouble in the world for the Virginia lads. The second touchdown was made in the third quarter by quarterback Nugent not only did this blind play well, but he rattled off the signal numbers to his comrades like a Chinaman counting on his abacus. In regard to general all around playing of the other members of the Virginians, every man played his position in a faultless manner.

The Washingtons were a classy bunch of players, who, no doubt, judging from their style of play and knowledge of the football game, must have had considerable experience with college teams.

feints of the game: Carl Mueller, referee; John Roberts, umpire; Lamar Munro, linesman; Elmer Davis, time keeper.

Carl "Ikey" Dreifus, the popular all-around athlete, of Alexandria, who is taking a course in dentistry at Georgetown College, played in the Georgetown College-North Carolina State College football game in Washington, Saturday and his great playing was highly praised by everybody who witnessed the game.

Dreadnaughts Win
The Dreadnaught A. C. Alexandria's pride resumed activities along the athletic line yesterday when their football team easily defeated the Mercury A. C. of Washington, by the score of 54-0. From all appearances the good start bids fair to bring Alexandria on the football map again.

Coach Crouch proved that the past few weeks have not been spent in vain as the team showed that they were in the best of condition, although several plays indicated a need of practice will put them again in working order. Fullback Hayden showed some good line plunges for big games while Hassan and Swann pushed off tackle and skirted the ends at will. Final score by quarters:

Dreadnaughts 20 7 13 14—54
Mercury 0 0 0 0—0

Referee Cockrell, umpire Trigger, head linesman, Entwistle.

The Alexandria High School football team met defeat at the hands of the Randolph Macon Academy team, on the latter's field, Saturday, October 9, by the score of 13-0.

The R. M. A. boys, although they outwitted the local boys by at least twenty pounds to the man (their team averaging 155 pounds), were unable to make any consistent gains against the Alexandrians during the first two periods. For the latter part of the second quarter the A. H. S. team held the Methodists for downs on their forty yard line and with a quick succession of line plunges made by Dreifus, Midkiff, and Travers advanced the ball to the R. M. A. seven yard line and with three downs to make the much coveted goal but seven yards away, the whistle sounded for the half.

In the latter part of the third quarter, R. M. A. finding that they could

not make any headway through the A. H. S. line, resorted to end runs and forward passes and by means of two end runs and a forward pass, advanced the ball to the A. H. S. five yard line and then carried the ball over in four line plunges for the first counter of the game, they failed to kick the goal.

The opening of the fourth period found the ball in possession of A. H. S. on the R. M. A. 35 yard line. The Alexandrians went into it with a rush and carried the ball for two first downs to the R. M. A. 12 yard line. At this point the Prep School boys held firm and the light backs of the Alexandria team were only able to gain four yards in three downs. With six yards to go for a first down and eight for a touchdown, Midkiff tried a forward to Pettit which was interrupted by an opponent who got away for twenty yards, a long end run and another forward put the ball on the A. H. S. six yard line and two more successful line plunges spelled defeat for the A. H. S. team.

For the manner in which the A. H. S. team fought up to the last and for the way they held this much heavier aggregation, they should receive encouragement for their showing from their local followers.

Time of quarters ten minutes. Referee Mr. Hayden.
The Alexandria High School Team will play the Fredericksburg High school team next Friday, October 15, at 3 p. m. Shipyard Grounds.
